Dedication

It is with great pride that we, the annual staff, dedicate this 1952 Planonian to Mrs. J. H. Skaggs, sponsor of the annual, the senior class and the Junior Thursday Study Club.

We feel that we are expressing the sentiments of the entire student body in making this dedication in appreciation of her efficient guidance and untiring services as both friend and teacher to the students of Plano High School.

Superintendent's Message

Perhaps you may not realize how very large a part your school life here is playing in the formation of your characters, and the fixing of your careers through its steady preparation for the life that lies ahead. But, in after years, when you have done some great and noble thing, and the whole world looks on to admire and praise, you may realize what you owe to the training received here.

In the meantime I would like to express my appreciation to you for the spirit of fellowship, and the expressions of friendliness which have existed between us all along the way.

Most sincerely,

E. A. Sigler

Superintendent

PRINCIPAL'S MESSAGE

Hello:

I am happy that we can have a yearbook showing the looks and actions of ourselves during the school year of 1951-1952. We are growing up. Evidence of it can be noticed in our stature, our dress, our co-operation, and our thinking. Also, there are other evidences that can be noticed; these are loyalty, fun, and work, which are constantly showing in the actions of the students of our school. All these things are commendable and make Plano High School something fine to appreciate now and remember later.
